

Billy W. Wilson Memorial Scholarship Fund	The recipient must be enrolled as a full-time student in the School of Civil and Environmental Engineering with a minimum of 60 credit hours at Oklahoma State University with a grade point average of 3.0 or higher. Preference shall be given to students from Oklahoma demonstrating financial need.
Brawley Engineering Endowed Scholarship Fund*	The recipient must be enrolled as a full-time junior or senior student at Oklahoma State University. The recipient must be majoring in civil engineering and be a resident of Oklahoma. First preference shall be given to a student in the transportation option of civil engineering.
Brewer & McMichael End Scholarship for Civil Engr.*	The recipient will be a junior or senior in the school of civil engineering. First preference will be given to those showing financial need with second preference being academic performance.
C.S. Cho Family Endowed Schl in Civil & Environmental Engr*	The recipient must be enrolled as a full-time undergraduate student at the University. The recipient must be enrolled in the College of Engineering, Architecture and Technology, pursuing a degree in the School of Civil and Environmental Engineering.
CEC Corporation Annual Scholarship	The recipient must be enrolled as a full-time student at Oklahoma State University in the College of Engineering, Architecture and Technology and must have a grade point average of at 3.0 on a 4.0 scale.
Civil and Environmental Engineering Scholarship	The recipient must be enrolled as a full-time undergraduate student at Oklahoma State University in the School of Civil and Environmental Engineering.
Civil Engineering Scholarship Fund*	The recipient will be selected based upon academic performance. Need may also be considered as a factor. The recipient must be a graduate of an Oklahoma high school and be a United States citizen. The scholarship award will be for two semesters, normally the second semester of the freshman year and the first semester of the sophomore year and is non-renewable. At the discretion of the department head, exceptions may be made to allow the scholarship to be awarded for the first and second semester of the freshmen year.
Civil/Environmental Eng Student Professional Dev FD	(UR) Determined by the selection committee.
Clarence K. Bullen Memorial Fund*	(UR) Determined by the selection committee.
David M. MacAlpine Graduate Fellowship*	The recipient must be enrolled as a full-time student pursuing a Master's or Ph.D. degree in Civil Engineering at Oklahoma State University in the area of structural engineering. The Recipient's plan of study should include independent research and the preparation of a thesis or dissertation. The award shall further be based on academic merit.
Edward G. and Claudia W. Stokes STEM Endowed Scholarship*	The recipient must be a full-time student, currently enrolled in Civil and Environmental Engineering in the College of Engineering, Architecture and Technology and must have strong financial need. Selection preference will be given to a transfer student from an Oklahoma junior college or university offering an associate degree or to a student who graduated from an Oklahoma high school with a small class size. The recipient is strongly encouraged to be active in a professional engineering society for the scholarship to be renewed and must maintain a 3.0 grade point average.
Frank and Irene B. Kimball Endowed Scholarship*	Candidates for this scholarship must be graduates of Oklahoma high schools who are enrolled as full-time students in the Oklahoma State University College of Engineering, Architecture and Technology, and working toward a degree in civil engineering. Selection shall be based on academic achievement. Priority consideration shall be given to Native Americans who can document that they are of American Indian descent.
Guy Engineering Services Scholarship*	The recipient must be enrolled as a full-time undergraduate student at Oklahoma State University in the School of Civil and Environmental Engineering.
Guy H James Fund for Academic Excellence*	The recipient must be enrolled as a full-time student at the University and must be majoring in Civil Engineering.

Hugh M. Smith Endowed Scholarship Fund*	The recipient must be a full-time student majoring in Civil Engineering at Oklahoma State University. The recipient must be a graduate of an accredited Oklahoma high school. Strong consideration will be given to the donors lineal heirs.
James D. and LaVerna L. Cobb Scholarship Fund*	The recipient(s) must be enrolled as a full-time student(s) in the School of Civil and Environmental Engineering at Oklahoma State University. The recipient(s) must be a resident of Oklahoma. Preference shall be given to a student(s) with demonstrated financial need.
Joel G. and Nella C. Pitts Memorial Scholarship Fund*	The recipient must be an engineering freshman enrolled full-time at Oklahoma State University in the College of Engineering, Architecture and Technology. First preference shall be given to students pursuing a civil engineering degree. A) Minimum 2.0 grade point average maintained. B) "Financial Need" Necessary.
Jon and Glenda Nelson Endowed Scholarship in CIVE*	The recipient must be enrolled as a full-time undergraduate student at the University. The recipient must be enrolled in the College of Engineering, Architecture and Technology, pursuing a degree in the School of Civil and Environmental Engineering. The size of the award and number of awards may be determined in the discretion of the Selection Committee.
Keystone Engineering & Land Surveying End Schol Civil Eng*	The recipient must be enrolled as a full-time student at the University. The recipient must be enrolled in the College of Engineering, Architecture and Technology pursuing a degree in civil engineering. Scholarships of at least \$1,000.00 each will be awarded annually.
King Family Endowed Scholarship*	The recipient must be enrolled as a full-time undergraduate student at the University in the College of Engineering, Architecture and Technology majoring in Civil and Environmental Engineering. The recipient must be a junior or senior level student and must have graduated from a high school located in the State of Oklahoma.
Merrel Medley Memorial Scholarship*	The recipient of the scholarship will be a Junior or Senior who is enrolled as a full-time student in the Oklahoma State University School of Civil Engineering with a demonstrated financial need and with Oklahoma residency. In considering candidates with equal qualifications, preference in selection shall be given to residents of southwest Oklahoma, other rural sections of Oklahoma of Oklahoma City.
Moore Civil and Environmental Engineering Scholarship*	Worthy undergraduate student specializing in civil engineering in the College of Engineering, Oklahoma State University, Stillwater, Oklahoma.
Moreland Herrin Endowed Scholarship Fund*	The recipient must be a U.S. citizen and enrolled as a full-time undergraduate student in Civil and Environmental Engineering at Oklahoma State University. Preference shall be given to a non-traditional student, including, but not limited to a student who has transferred to OSU from a community or technical college, who has started their college education at later age or who has interrupted their college education because of military service, raising a child, etc. The recipient must have and maintain a cumulative grade point average of 2.5 or higher (on a 4.0 scale). If the recipient's grade point average falls below the minimum level, he/she will have one semester to raise their overall grade point average to 2.5 or higher. Scholarships will be not less than \$1,000 per year for one student and may be renewed provided the above criteria continue to be met. Increase in the stipend as well as a second \$1,000 scholarship may be awarded if adequate funds exist.
N. Brent & Mary Jane Wooten Endowed Scholarship Fund*	The recipient must be enrolled as a full-time undergraduate student in the School of Civil and Environmental Engineering at Oklahoma State University. Preference shall be given to students from Oklahoma and Kansas.

Ramona C. Wheatley Endowed Scholarship in Civil & Envir Eng*	The recipient must be enrolled as a full-time student at the University in the School of Civil and Environmental Engineering. The recipient must have a grade point average of at least 2.75 on a 4.0 scale with documented financial need.
Richard G. Petricek, Jr. Endowed Scholarship*	The recipient must be enrolled as a full-time student at Oklahoma State University in the School of Civil and Environmental Engineering. The recipient must have a grade point average of at least 2.75 on a 4.0 scale and must be a Civil Engineering or Environmental Engineering student. Donor prefers that the scholarship is renewed as long as the student continues to meet the selection criteria. Each recipient may receive the award for a maximum of four years.
RJN Foundation Annual Scholarship for Civil & Environ. Engr.	The recipient must be enrolled as a full-time undergraduate student at Oklahoma State University in the School of Civil and Environmental Engineering and must have a grade point average of at least 2.5 on a 4.0 scale. Selection preference will be given to students with documented financial need.
Roger Flanders Memorial Fund*	Undergraduate Advisory Committee of the Civil Engineering Department be designated to receive the income from the fund for use with undergraduate students. The award will be given to each of one or more sophomore students in Civil Engineering who show promise of meeting the concept of an engineer as held by Professor Flanders.
Russell and Lela Snow Endowed Scholarship Fund*	The recipient must be a U.S. citizen who is an incoming freshman enrolled full-time at Oklahoma State University, with first preference given to an Oklahoma resident. The recipient must be pursuing a major in Civil Engineering, and financial need is of primary consideration. The scholarship is renewable for a maximum of four (4) years provided the recipient continues to maintain a 2.8 grade point average while enrolled at Oklahoma State University and continues to major in Civil Engineering. If the qualifications for renewal of the scholarship are not met, the award will be made to a new entering freshman student.
SemGroup Scholarship in Civil Engineering	Recipients i) must be enrolled as a full-time student in the College of Engineering, Architecture and Technology at Oklahoma State University, ii) must be pursuing an undergraduate degree in civil engineering, iii) must be classified as a junior or senior, iv) must have completed 28 credit hours of course work, and v) must have a minimum graduation/retention GPA of a 3.25 or higher. Financial need shall be a consideration. A SemGroup scholarship recipient may continue to receive the award for up to three (3) years or until he/she graduates, or whichever comes first, as long as he/she maintains a 3.25 GPA or higher and remains in good standing within the College of Engineering, Architecture and Technology. If the recipient should fall below a 3.25, he/she will have one semester to bring it up to the required minimum. Each recipient will be considered for a paid, full-time summer internship at SemGroup, L.P. Recipients will have opportunities to tour SemGroup, L.P. headquarters and field locations. Recipients will be assigned a professional mentor from SemGroup, L.P. and interact with SemGroup, L.P. engineers.
Steven and Sherryl Hofener Endowed Scholarship*	The recipient must be enrolled as a full-time student at the University in the School of Civil and Environmental Engineering and must have an expressed interest in Transportation Engineering.
