

EET Mechatronic Minor

PREFIX AND COURSE #	COURSE TITLE	CR. HRS.
MET 1123	Technical Drawing and Basic CAD	3
ENSC 2113 or GENT 2323	Statics or Statics	3
ENSC 2143 or GENT 3323	Strength of Materials or Strength of Materials	3
MET 3003 or ENSC 2123	Dynamics or Elementary Dynamics	3
EET 3803	Fundamentals of Mechatronics	3
EET 4803	Mechatronics System Design	3
	Total credit hours	18

Program Admission and/or Graduation Requirements

Additional Requirements

- 2.2 overall GPA in courses submitted for the minor
- Grade of C or better in each course submitted for the minor

Additional OSU Requirements

Undergraduate Minors

- An undergraduate minor must include between fifteen and thirty hours, inclusive of undergraduate coursework.
- A minimum of six credit hours for the minor must be earned in residence at OSU.
- The courses required for a minor may be included in the course requirements for any undergraduate degree or they may be in addition to degree requirements, depending on the overlap between the minor and degree requirements. However, an undergraduate minor must be earned in an academic field other than the student's declared degree option. The minor may not duplicate the degree major or option (for example, a student who earns a BA in Art with an Art History option may earn a minor in Studio Art but not Art History).
- A student generally follows the minor requirements associated with his or her matriculation year or newer requirements that have been established since matriculation. The time limit for following requirements from a given academic year is six years.
