

A graduate research assistant position in Piao Lab invites for applications

Applications are encouraged for a graduate research assistant position in the Sensory Biophotonics Laboratory (Piao Lab) in ECE:

- Position responsibility and availability:
 - Develop near-infrared spectroscopy technology for quantifying pigments important to food industry
 - Available starting Spring 2025
- Minimal Qualification:
 - Meeting the graduate admission requirements of ECE
 - B.S degree in Electrical Engineering and Biomedical Engineering with fondness for working with experimentation.
- Desirable qualification:
 - MS degree, seeking PhD study
 - Experiences with instrument interfacing for real-time operation
- Application materials
 - Cover Letter
 - Resume/CV
 - Transcripts (unofficial)
 - Any additional materials demonstrating experiences with experimentation and relevance to near-infrared spectroscopy.
- Inquiry via e-mail ONLY may be sent to:

Daqing (Daching) Piao, PHD

Professor

Daqing.piao@okstate.edu

School of Electrical and Computer Engineering

Oklahoma State University, Stillwater, OK

Research/scholarly works of Piao Lab can be assessed at
