

**International School of Hydrocarbon Measurement
Memorial Scholarship Application
2021-2022 Scholarship Program**

Deadline: Postmarked or emailed by 5:00 pm CDT on October 29, 2021

Scholarship Fund Information and Eligibility

For over 90 years, The International School of Hydrocarbon Measurement has been actively focused on the education and training of measurement and control personnel at all levels in the Oil and Gas Industry. In the 1980's, The International School of Hydrocarbon Measurement Scholarship Fund was established to provide financial support to students pursuing degrees meeting the following criteria:

- The successful candidate must be enrolled and continue to be enrolled as a full time student in a Bachelors Degree, Associates Degree or Technical Certification program at an accredited college, university or vocational/technical institution. Students pursuing post graduate degrees are not eligible.
- The successful candidate must be enrolled in a course of study and exhibit post graduation career goals which indicate and are consistent with the pursuit of employment opportunities in the hydrocarbon energy industry.
- Preference shall be given to those seeking a career in measurement and control.
- The successful candidate must be enrolled in a Technical Certification program related to obtaining employment in the hydrocarbon energy industry, or have successfully completed a minimum of 50% of the required curriculum in the noted course of study at the time of submittal.
- The successful candidate must have maintained a minimum 2.75 grade point average on a 4.0 scale in overall courses of study and a minimum 3.0 grade point average on a 4.0 scale in major courses of study.
- The successful candidate must have accurately completed and submitted the scholarship application provided by the International School of Hydrocarbon Measurement to the designated address and by the established submittal date.
- The successful candidate shall meet all eligibility requirements as required by applicable law and/or regulation for receipt of scholarship funds from the International School of Hydrocarbon Measurement, such operating as a registered 501(c) (3) organization in the State of Oklahoma (See "Disclosure of Relationships")

Scholarship funds shall be used for 1) tuition, 2) books, manuals and required study guides/materials 3) required academic, facility or laboratory fees, 4) required equipment (laboratory, small tools, etc.), 5) room and board costs if such are provided and administered by the college, university or vocational/technical institution of attendance, and 6) other substantiated costs associated with the degree or certification program.

The ISHM Scholarship Fund Committee selects recipients from a list of qualified candidates from participating universities. Scholarship awards may be of any size and may be made to any number of students during any given time. Awards are presented during the General Assembly of the School each year. Funding is achieved through individual, group, or corporate donations or through special activities organized by the ISHM Executive Committee.

Instructions for Completing the Scholarship Application

The ISHM Scholarship Application form is critical to the application process. Please pay attention to the form and the questions that are asked. Please complete the application by typing or printing legibly using blue or black ink. We reserve the right to disqualify any applications that are not complete and not legible.

Do not leave any fields blank, please put "N/A" or "none" if an item does not pertain to you. Again an incomplete form may lead to automatic disqualification.

It is permitted to attach additional information; however, you must fill out the Application Form completely and clearly.

GPA information **MUST** be based on grades from the last semester attended at the time of submittal.

This form is to be completed and returned to ISHM by 5:00 pm CDT on October 29, 2021. The application is for funds that will be awarded in December for the Fall and Spring semesters of the 2021/2022 school year. It is strongly suggested that individually emailed applications be followed up with a email requesting confirmation of receipt and mailed applications be sent via registered mail.

Email completed application to: ceatscholarships@okstate.edu
