## OSU STARS in CEAT

Each month, OSU's Staff Advisory Council recognizes OSU's STARS. The STARS award is given to recognize OSU staff members who make a difference.

If you know someone you think is a STAR for the work they do, you can nominate them [here!](#)

### Fransisca Bolin

**Senior Administrative Support Specialist**  
Electrical and Computer Engineering

Fransisca is a huge asset to our department. Fransisca is a well-liked, respected and appreciated by those that interact with her. Currently, she is managing all of our faculty interviews for our Assistant Professor position(s) on top of her normal job duties. She has been extremely thorough and flexible with changes or needs. Her attention to detail and exceptional contributions have been very much appreciated. The feedback from the candidates, faculty and staff have been extremely positive. We are so proud of the work that Fransisca has done to make our department shine!

### Harold Conley

**Accounting Specialist**  
Electrical and Computer Engineering

Harold is responsible for reconciling all the financial accounts in Electrical and Computer Engineering. He has worked hard to get the accounts in good working order with a goal to get all financial statements sent out by the 15th of the month. Although this is a huge task, he has tackled this. Harold is now working in front of the task. He has continued to stay on top of it. I appreciate the work that he puts in - and his positive attitude.

### Brenda Stewart

**Accounting Specialist**  
Dean's office

Brenda is willing to do what is needed to get the job completed. She always brightens my day and can put a smile on my face. Brenda can bounce between travel approvals with p-card deadlines and OKCorral requisitions along with Foundation vouchers and reconciliations without dropping the ball on anything. When I give her a project or a task, I do not need to worry about asking her if it is completed because I know she will finish to task.
