Office of Student Academic Services

Student Academic Services provides OSU College of Engineering, Architecture and Technology (CEAT) students with an ecosystem of support. We provide all the people, programs, resources and activities necessary to propel them to success throughout college and into their career. Students will build confidence with the assistance of skilled academic advisors and student affairs professionals whose job it is to help students succeed - and we pay special attention to the needs of our Freshman. CEAT students are better prepared to draw on the knowledge they have gained and carry that momentum to graduation and life beyond college. CEAT Student Services programs and services include:

- Personalized Academic Advising
- Career Services
- CEAT Diversity and Inclusion Programs
- CEAT Parker Living Learning Program (LLP)
- CEAT Summer Bridge Program
- Passport to CEAT event
- CEAT Tutoring
- CEAT Mentoring
- CEAT Freshman Diploma
- Academic Alert communication and remediation
- and much more...

The PEATEs (Parker Engineering, Architecture and Technology Experts) mentor first year students living in CEAT Parker Hall

CEAT Parker Living Learning Program (LLP)

- 200+ beds available for CEAT freshmen
- CEAT In-Residence - staff member living in Parker Hall apartment on first floor
- We provide social, academic, health and recreational programming & much more
- Regular interaction with faculty and staff
- PEATE Mentors—numerous upper class mentors live on each floor, with freshmen

CEAT Summer Bridge Program

A three-week residential, on campus, preparatory program for incoming freshmen students who have been accepted to OSU and plan to study a CEAT major. Designed to guide students as they transition from high school to college and the academic rigors of CEAT coursework through academic review, mock exams, orientation seminars and engineering design projects. In addition, the students will build relationships with peers, faculty and staff, and start the process of building strong study habits with the assistance of CEAT upper class mentors.

Academic Alert Tracking and Communication

When students are struggling in class, instructors notify our staff. We then contact the students about the report via email, telephone, text message (sometimes all three) to help resolve the issue.

CEAT is committed to excellence in fostering inclusivity, providing support to recruit, retain and graduate undergraduate and graduate students including those who are underrepresented

Academic Advising

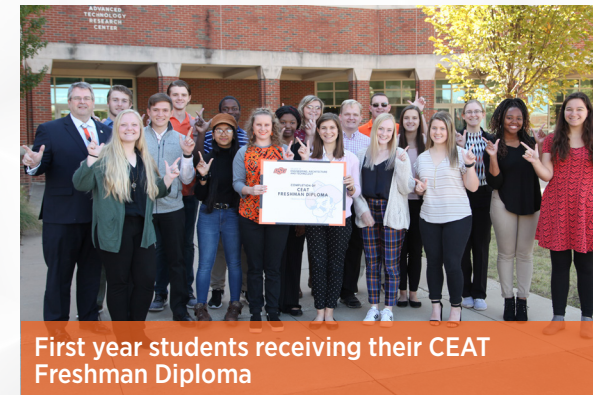

- All students are assigned a skilled academic advisor who is knowledgeable about their major
- Individualized academic plans to attain student goals
- Course selection and sequencing
- Major exploration and declaration
- Support and encouragement
- Academic remediation assistance and advice

Career Services

- Resume critiques
- Numerous workshops
- Job search assistance
- One-on-one consultations
- Interview preparation
- Career Fairs (Fall and Spring)
- Career Coaches (undergraduates who help promote career-readiness)

CEAT Diversity and Inclusion Programs

- 9 diversity student organizations, 30 various student organizations, and 12 competition teams
- Dean's Student Advisory Board
- Student networking with industry leaders
- Living Learning Community Floors (Diversity and Inclusion Floor and Maude's Squad both located in CEAT Parker Hall)
- Annual Student Leadership Awards Banquet
- K-12 Outreach

First year students receiving their CEAT Freshman Diploma

CEAT Tutoring Program

- CEAT students tutoring CEAT students
- Free tutoring available in all math, science and engineering science classes
- 40+ hours available, 6 days each week

CEAT Mentoring Program

- Advice and guidance from experienced CEAT students
- We pair new freshmen with qualified upper class CEAT men and women

CEAT Freshman Diploma

To engage and connect students to campus, we identify and notify students about tons of activities and events that successful students attend. Students attend the events, complete simple "assignments" about the events, and receive credit toward their diploma. "Assignments" include completing a career assessment, attending a cultural event, meeting with an academic advisor, participating in tutoring, and much more. Students complete ten assignments and receive their diploma.

In addition, we provide many more programs, activities and events for the larger CEAT community. For example:

- Free Popcorn Fridays
- First day of class donuts
- Annual Faculty-Student Ice Cream Social
- Passport to CEAT orientation event
- And much, much more...
